

# HYDROCARBON PROCESSING<sup>®</sup> CONSTRUCTION BOXSCORE DATABASE

[www.ConstructionBoxscore.com](http://www.ConstructionBoxscore.com)

## MARKET INTELLIGENCE FOR THE GLOBAL REFINING, PETROCHEMICAL AND GAS PROCESSING/LNG INDUSTRIES

### The Future of Downstream Project Intelligence

- ▶ Project details on thousands of active projects and construction contracts in the global refining, petrochemical, gas processing/LNG industries
- ▶ Advanced search, including by project type, status, region, investment and more
- ▶ Daily updates for new and updated projects
- ▶ The Weekly Boxscore Update e-newsletters
- ▶ Relied upon and trusted by HPI professionals for more than 70 years

The screenshot shows the website's homepage with a navigation bar including Home, Project News, About Boxscore, Subscribe, and Contact Us. A sidebar on the left lists links for About Boxscore, Testimonials, Site License, Subscriber Benefits, and Custom Reports. The main content area features a large image of two workers in safety gear, a 'Welcome to the Construction Boxscore Database' message, and a list of current clients including PEMEX, Technip, and JBC. At the bottom, there are sections for Project News (highlighting a new refinery in Oman and a silica plant in South Carolina) and a Boxscore Construction Analysis section.

For more than 70 years, *Hydrocarbon Processing's* Construction Boxscore Database has been the definitive resource to locate project details for construction activity in the global hydrocarbon processing industry (HPI). Updated daily, the database includes comprehensive data on thousands of active projects. The easy-to-use search interface allows you to effortlessly sort through thousands of projects to find the information you need quickly and reliably. You can cross-reference search fields, save your searches, quickly modify your search and more.

## ► Advance Search Allows You to Sort Simultaneously by:

- Project type
- Location/Region
- Time Frame
- *\*Enhanced calendar and date selection criteria*
- Enhanced functionality for new and newly updated projects
- Company
- **NEW!** Project cost
- **NEW!** Maintenance/expansion codes

# WWW.CONSTRUCTIONBOXSCORE.COM

*Hydrocarbon Processing's* Construction Boxscore Database is used by engineers, contractors, business developers and marketing personnel to identify active construction projects around the world for lead generation, market research, trend analysis and planning. New and updated project information is posted daily and results can be exported to Excel in a CSV file format.

► Project Information Includes:

- Contact information for key personnel
- Total project cost
- Country and location
- All companies associated with the project
- Project scope/history/background
- Capacity
- Status of the project
- Estimated year of completion
- Date that the project was last reported or updated
- Maintenance and Expansion codes

## EXPANDED DETAIL AND SCOPE

## Scope

## 2012 Project Restarted

Al-Zour Refinery. After completion it will be the 6th largest refinery in the world. Also, due to political interference, which has delayed the project for 10 years, the project has been handed over to the state audit bureau which means approval will not have to go through parliament. As part of the project, the country's oldest refinery, Shuaiba is expected to be closed in April 2017.

Project Cancelled

As of 6.28.11 The government has approved spending and is trying to attract more investment to fund the construction

Phase 1 when complete will process 300 bpd. Phase 2 when complete will process 315 bpd.

Crude Oil Refining & Hydrotreating Unit

## THE OPPORTUNITIES ARE LIMITLESS.

Discover how *Hydrocarbon Processing's* Construction Boxscore Database can help you make informed business decisions, recognize trends and increase sales to the global hydrocarbon processing industry.

### ► Subscriber Benefits:

- Unlimited access to the searchable database of global construction projects in the refining, petrochemical, and gas processing/LNG industries
- Project details including scope, associated companies, investment dollars, key personnel contact information, status and more
- Project news published daily and available on the website
- The weekly Boxscore Update e-newsletter with project listings and trends analysis
