MARKET INTELLIGENCE FOR THE GLOBAL REFINING, PETROCHEMICAL AND GAS PROCESSING/LNG INDUSTRIES

The Future of Downstream Project Intelligence

- ▶ Project details on thousands of active projects and construction contracts in the global refining, petrochemical, gas processing, LNG and solids industries
- ▶ Advanced search, including by project type, scope, region, investment and more
- ▶ Daily updates for new and updated projects
- ▶ The Weekly Boxscore Update e-newsletters
- ▶ Relied upon and trusted by HPI professionals for more than 60 years

Hydrocarbon Processing's Construction Boxscore Database has been serving the global HPI with timely and reliable data of active construction projects for more than 60 years. It is the only database to cover active, global construction projects for the refining, petrochemical and natural gas and LNG industries. The database is updated daily and includes such important information as companies associated with each project, key personnel, scope, date and detailed specs.

For more information, please contact:
Lee Nichols at +1 (703) 535-4626
or Lee.Nichols@hpi.com

As the HPI grows and enters new markets, Hydrocarbon Processing's Construction Boxscore Database provides management officials, engineers and marketing personnel the tools and data for market research, trends analysis and prospecting. Subscribers rely on the Hydrocarbon Processing's Construction Boxscore Database to stay connected to the latest details and updates for global construction projects. Discover how the Construction Boxscore Database can help grow your business. Let us do the hard work for you and give you the tools you need to plan with confidence, capitalize on emerging trends and spot new opportunities.

Project News
Global Ethylene Plant construction on the rise
March 11, 2013

Trend by Region

For more than 60 years, *Hydrocarbon Processing's* Construction Boxscore Database has been the definitive resource to locate project details for construction activity in the global hydrocarbon processing industry (HPI). Updated daily, the database includes comprehensive data on thousands of active projects. The easy-to-use search interface allows you to effortlessly sort through thousands of projects to find the information you need quickly and reliably. You can cross-reference search fields, save your searches, quickly modify your search and more.

► **Advance Search Allows You to Sort Simultaneously by:**

- Project type
- Location/Region
- Time Frame
- *Enhanced calendar and date selection criteria*
- Enhanced functionality for new and newly updated projects
- Company
- **NEW!** Project cost
- **NEW!** Maintenance/expansion codes

Hydrocarbon Processing's Construction Boxscore Database is used by engineers, contractors, business developers and marketing personnel to identify active construction projects around the world for lead generation, market research, trend analysis and planning. New project related information is posted daily and results can be exported to Excel in a CSV file format.

► Project Information Includes:

- Contact information for key personnel
- Total and per unit project cost
- Country and location
- All companies associated with the project
- Project scope/history
- Capacity
- Status of project
- Estimated year of completion
- Date that the project was last reported or updated
- Maintenance and Expansion codes

Project Overview

Project:	Refinery	Project Type:	Refining
Project Name:	Al-Zour Refinery Project	Maintenance Expansion Code:	-None
Refinery/Plant Name:	Al-Zour Refinery	Status:	E-Engineering
Region:	Middle East	Capacity:	615 Mbpd
State Or Country:	Kuwait	Completion Date:	06/01/2018
City:	Al-Zour	Investment:	14500

Operating Company

COMPANY 1	CONTACT 1
Operator : KNPC	Firstname: Khaili
Region: Middle East	Lastname: Ismail
State or Country: Kuwait	Job Title: Project Manager
City: Al-Zour	City: Safat
Additional Notes: In conjunction with KNPC's Clean Fuels Project which will upgrade the Mina Abdulla and Mina Al-Ahmadi refineries	State: -
	Country: Kuwait
	Zip Code: 13001
	Phone Number: 965 2 398 9900

EXPANDED DETAIL AND SCOPE

Scope

2012 Project Restarted. Al-Zour Refinery. After completion it will be the 6th largest refinery in the world and the target refinery in the Middle East. Also, due to political interference, which has delayed the project for 10 years, the project has been handed over to the state audit bureau which means approval will not have to go through parliament.

Phase 1 when complete will process 300 bpd. Phase 2 when complete will process 315 bpd

Crude Oil Refining & Hydrotreating Unit

- CDU : 205,000 BPSD x 3 (615,000 BPSD)
- SGP : 10,000 BPSD x 2
- Diesel HDT : 62,000 BPSD X 3
- Naphtha HDT : 18,000 BPSD X 2
- Kerosene HDT : 53,000 BPSD X 2
- ARDS : 110,000 BPSD x 3
- LPG : 60 MMSCFD
- Heavy oil cooling
- HP/LP flares

Amec awarded USD\$528 million for PMC contract.

THE OPPORTUNITIES ARE LIMITLESS.

Discover how *Hydrocarbon Processing's* Construction Boxscore Database can help you make informed business decisions, recognize trends and increase sales to the global hydrocarbon processing industry.

► Subscriber Benefits:

- Unlimited access to the searchable database of global construction projects in the refining, petrochemical, gas processing, LNG and solids industries
- Project details including scope, associated companies, investment dollars, key personnel contact information, status and more
- Project news published daily and available on the website
- The weekly Boxscore Update e-newsletter with project listings and trends analysis

► Customized Reports

Hydrocarbon Processing's custom report options offer individuals and companies the means to secure specialized market data in a concise report format. We can tailor your oil and gas report by the parameters you set. This includes global, regional or local focus and can cover all oil and gas industries.
