Project Name

Simply type in the name of the project you may be looking for. You will also be able to select the name of any available project in Boxscore from a drop-down menu that will appear.

Search Project

Project Name:

Regions

Select any region you wish if it is known. The Regions, Country/State and City boxes are all linked together. If you select the United States, then the Country/State section will automatically populate with US states and the City section will automatically populate with US cities.

Regions

<input type="checkbox"/> Africa
<input type="checkbox"/> Asia/Pacific
<input type="checkbox"/> Canada
<input type="checkbox"/> Europe
<input type="checkbox"/> Latin America
<input type="checkbox"/> Middle East
<input checked="" type="checkbox"/> United States

The same will happen with other regions. For example, if you select Africa from the Regions section, then the Country/State section will automatically populate with African countries and the City section will automatically populate with African cities. You may select multiple regions, which will then populate all Country/State and City locations from the regions you select.

Maintenance Code

If you want to find out whether a project is part of an expansion, revamp, modernize, or de-bottleneck, you can click on the corresponding boxes in the Maintenance Code section. You may click as many of the options within this section or you may leave it blank. All projects in Boxscore will specify if a maintenance code is known.

Maintenance Code

- None
- EX- Expansion
- RE- Revamp, Modernize, or De-Bottleneck

Project Type

The Project Type section will allow you to narrow your search by segment. For example, if you want to look for an LNG project, click the Gas box. If you want to look for a petrochemical project, you can click on the Petrochemical box. Or if you want a gasoline project, you will click on the Refining box. You can click on as many boxes as you want. All projects in Boxscore will have the Project Type listed if it is known.

Project Type

- Gas
- Other
- Petrochemical
- Refining
- Solids

Process

The Process section has an open search box where you can type in a specific type of project or production process. This section can help you narrow down your search if you know the specific type of project that is in development.

The example below shows the following. The user has typed in benzene in the Process open text field. Once the user hits enter, your inquiry will yield additional and or related processes.

Process

- Alkylbenzene
- Alkylbenzene, Linear
- Benzene
- Benzene Elimination
- Benzene Extraction
- Benzene Recovery
- Benzene Reduction

Investment in \$USD

The Investment In \$USD section can help you find the scope and estimate cost of a project in Boxscore if it is known. All projects will have Investment listed either in US dollars or they will be converted into US dollars if it is known.

Investment in \$USD

- less than \$100 million
- \$100 - \$500 million
- \$501 - \$999 million
- \$1 billion or more
